## BISHOP'S COLLEGE SCHOOL

## "HIS WAS A FULL LIFE OF SERVICE"

The BCS family mourns the death of former Headmaster, Frederick R. Pattison, on March 22, 1986. He was 82 years old. We extend our deepest sympathies to his wife, Ivy, and to his son, Bobby. Oggie Glass responded from Florida with this tribute to Mr. Pattison.

Frederick Ralph Pattison served BCS for as long and loyally as anybody I know. And he did so in more capacities: Master, Headmaster, Assistant to the Headmaster, Acting Headmaster (three times) and Housemaster. I knew him in all and admired him in all, even though I suffered in one of them.

Fred came to the School in 1924, fresh from the Honours Maths Tripos at Cambridge University. The New Masters' quarters were austere and solitary, over the then gymnasium-cum-study hall, now St. Martin's Chapel organ loft. I don't think he minded that; Fred was his own man.

Particularly, F.R. was a brilliant teacher of talented students. He tried to teach me but

I was far from talented in his subjects. If we had a class in Mathematics on Monday, I received enough punishment drill (as it was called) to get me up forty minutes early every day for a week — with enough left over for Percy Smith, the Head, to cane off on Saturday night. I was also a member, briefly, of Fred's chemistry class — for as long as it took me to break a term's supply of test tubes, which wasn't very long. By agreement (Fred's) I was transferred to Spanish!

I shall never forget Fred's kindness to me when I first went to the School as a Master. Janet and I lived in School House, where Fred was Housemaster. Our accommodation, lightly partitioned from a boys' dormitory, was as private as a cockleshell. In these circumstances, Ivy and Fred's house was a haven. We were

always welcome there, and were there often.

Nor shall I forget Fred's attitude when I took over as Head after he had been acting in that capacity. This must have been difficult for him, remembering my talents as his pupil; the atmosphere could have been sullen. It wasn't. It was one of help, cooperation and wise counsel always. This continued for the whole of my ten-year tenure, when Fred succeeded me. This time in his own right. There he did his usual sturdy, competent job; his goal was always the good of the School.

On March 22, 1986, a new star appeared in the B.C.S. constellation, steady and bright. His was a full life of service.

# LOOKING AHEAD WITH THE CHAIRMAN

Those of you who have been at the School lately will recognize that the words enthusiasm, challenge, warmth, and devotion are synonymous with B.C.S., as it is today. The atmosphere is infectious. I hope that you and your family will catch the bug and plan to join us during the 150th Anniversary celebrations.

It is appropriate and natural that B.C.S., as a School that strives for the best, should change over the years. Today, French is an integral part of everyone's life. Open discussion on contemporary subjects is encouraged. Service to others is a daily happening. For those who remember "croc walks," penance is now paid by running laps; our co-ed students have coffee house parties instead of the oft-dreaded tea dances! But it is the marvellous enthusiasm that is in the air that one reacts to at B.C.S. Come to see us; you will be glad you did!

This year your Board, the Headmaster, the Director of Finance and

the Staff have worked hard and successfully to reduce the operating deficit. Extraordinary results have been achieved, without sacrificing quality or quantity. I am confident that, with continuing effort and the revised fiscal structures that are in place, our financial picture will continue to improve.

To ensure that we have a true assessment of the role B.C.S. has played, is playing, and will play as a top-flight independent School in Canada, the new Plans and Resources Committee is about to begin its valuable work. The data gleaned from this ongoing research will enable us to chart realistic plans for the future.

Our new Director of Development is skillfully managing the Annual Giving Campaign. My grateful thanks to all who have established a pattern of Annual Giving and I hope that many more of you will join the ranks. A new and creative method of scholarship funding will hopefully interest donors. Increasingly high

calibre applicants sit the exams and successful candidates invariably contribute a great deal to the School. As you know, the B.C.S. Going Places Auction was resoundingly successful. More activities are being planned. The Bish-Compton spirit really shines when the Alumni, Parent, Staff and Student groups get rolling!

B.C.S. has earned its excellent international reputation. With your continuing interest and participation, it will continue to extend its sphere for another 150 years. KEEP TROTH!

# THE HEADMASTER LOOKS BACK TO THE FUTURE...

While the theme of The Bulletin is "looking ahead," I hope I may be forgiven the indulgence of looking back. So much of what we do here at B.C.S. emphasizes preparation for the future through the time-tested values of the past. Young people today are faced with an increasingly bewildering array of choices —

moral, social, personal — to say nothing of the ever increasing choices of career and vocation. But courage, compassion, determination, hard work, honesty, decency and common sense are the values we hold to be as true now as they were when the School was founded one hundred and fifty years ago. The Reverend Lucius Doolittle would be astonished were he to visit his School today. However, he would find, amidst the change and growth, the bedrock truth of Recti Cultus Pectora Roborant. And he would be as proud of his School as am I.

Looking ahead, new and re-enrolments are keeping the Admissions Office busy. Our Scholarship Programme, now fully unitized and growing, has meant we have had to hold two Scholarship Trials, involving almost forty young people. This compared with the six students who appeared for Scholarship Trials in 1983!

A new prospect on the horizon is the BCS Challenge, a programme

incorporating the Ondaatje Award, the Duke of Edinburgh's Award, Adventure Training, Community Service, and The Round Square. All of these exist at the School, but as separate — and sometimes disparate — entities. Under the able guidance of Robert Common, they will be brought under one roof, and every student in the School, at some point in the student's career, will be obliged to participate in the Challenge Programme. For the few who really get "into" the Challenge, the personal benefits will be many, not least of which will be the opportunity to participate in our ever-expanding exchange programme. We now have students actually enaged in, or about to embark upon, reciprocal exchanges with schools in the United States, England, Scotland, France and Germany, and the whole process, for the School as well as for the individuals involved, is one of enrichment.

The various organizations within B.C.S. continue to prosper, thanks to the tireless involvement of staff and students who make up this remarkable School. The Reverend Mr. Doolittle's aim was to establish a 'superior' school. He did!

David A.G. Cruickshank, M.A.

## H. WEIR DAVIS SCHOLARSHIPS

A generous bequest in the will of the late H. Weir Davis, B.C.S. '24, enables B.C.S. to award two half-fee annual scholarships to new students, renewable annually. This competition is for outstanding "all-round" students, who could not attend B.C.S. without financial assistance. These students will have demonstrated leadership and will have the potential for enriching the lives of their peers and making a contribution to the School as a whole. High grades are not the only basis for the selection of Weir Davis Scholars.

Please help by nominating qualified candidates. Complete the attached form and mail it to the Admissions Office, Bishop's College School. Though the deadline for applications for the 1986-87 school year awards is May 15, keep these scholarships in mind when hearing about deserving young people in the future.

## DIRECTOR OF DEVELOPMENT

The cover of this Bulletin is your Editor's adaptation of our 150th logo designed by Davidson & Dimaulo Inc. of Montreal. The slogan, "150 Years of Looking Ahead," truly depicts the feeling and tone of B.C.S. in 1986. Our past is something to be very proud of. There is a real sense of accomplishment associated with an institution that has operated continuously for 150 years. If we measure the beginning of Canada from Jacques Cartier's voyage of 1535, we have been here for one-third of our country's history. Only two independent schools can claim an earlier beginning. Over this period, other institutions have come and gone, and the fact that B.C.S. continues to flourish is testimony to the dedication, hard work, acuity, foresight, and generosity of a great many people. Hopefully, our 150th activities will reinforce these attributes.

Here in Lennoxville there is an unstated, but clear conviction that we are "on a roll," and the events planned for the coming year are designed to emphasize this conviction. Mark Alumni Thanksgiving Weekend on your calendar now: October 10-13. (See page 23 for schedule of activities; we have tried to have something for everyone.) Former staff will be invited to return and we're counting on a really big alumni turnout. Plan to celebrate the kick-off of our 150th year!

The Gala Auction has had a wonderful spillover and I am very encouraged by the outpouring of interest from the Alumni Association. A short six months ago, the Board members admitted to being confused about their role and where they stood in the overall B.C.S. picture. With strong support from the Ex-

ecutive Committee and Patsy Thomson's leadership, we now have a very different situation. Patsy set about to marshal and harness existing talent. People became involved; committees were formed and things began to happen.

Returns of the Annual Giving Card in last November's Bulletin resulted in 88 Old Boys and 30 Old Girls sending a total of just over \$30,000. At this rate we'll surpass last year's figure by 50 percent. In spite of this, we are well below our potential. John Pratt has volunteered to head up a Phonathon in May. It will take place in the evenings and, to use John's words, will have the added benefit of being "an enjoyable social event." He needs help. If you'd like to take part, let him know — 514-738-2805 (home) or leave a message for "John, Jr." at 514-631-8724.

As School fees increase, the necessity for larger and more numerous scholarships and bursaries becomes more and more vital to B.C.S. I notice, with great satisfaction, an increasing interest among our donors in directing money towards scholarships. Our Scholarship Endowment Fund is now "unitized." Donors may hold these units in their names and establish the criteria by which each scholarship must be awarded. For example, the Alumni Association recently voted to direct \$40,000 of the proceeds from the auction to set up the B.C.S. Alumni Scholarship. In addition, four families are currently establishing funds to commemorate or honour a parent or family member. Naturally, I would be delighted to discuss opportunities to use this Fund with any of you who are interested.

To enable us to "look ahead," Mike Skutezky will chair a Plans and Resources Committee. Its mandate is to examine all aspects of the School's operations as well as its long- and short-term objectives. The findings, when approved by the Board, will give us all a clear understanding of where B.C.S. is going and how it will get there. This will help in many ways — hiring staff, selecting students, raising funds, planning for construction — to name a few.

The findings will also help determine the final dollar targets for a major Capital Campaign. Annual school fees provide nothing for capital improvements and we need better facilities to maintain our prominence among Canadian independent schools. The present gym was built for a school of 150 boys; we now have 300 students of both sexes. The staff and students have been extremely resourceful and patient in using it to meet the needs of both the Athletic Department and the increasing importance of the drama program. Plans call for the construction of a new double gym and conversion of the present facility into a theatre, which will double as an Assembly Hall. The science building too is badly in need of up-grading.

Involvement, not kudos, is the key to our operation. We're on a roll. Come on aboard!

W. Bradley Mitchell

# RECTI CULTUS PECTORA ROBORANT

B.C.S. Archives

On page 367 of the School Register, Miss Molony records the entry, into Form IV, in September 1940, of Hugh Graham Hallward. As was Miss Molony's practice with all B.C.S. students, she went on to record the highlights of Hugh's career at B.C.S. until his graduation in June, 1944. Academically,

athletically, as a debater and in cadets he excelled. He stood first in Form IV, won the Magor Prize in Form V and the Old Boys' Prize in Form VI. In his Seventh Form year, he was a Prefect, Cadet Captain and made First Teams in both football and cricket.

Hugh's continued association with B.C.S. has made considerable impact upon the course taken by the School. He was President of the Old Boys' Association from 1961 to 1963. Since 1963 he has been a member of the Board of Directors, acting as Chairman from 1969 to 1984. During his tenure as Chairman, Hugh guided the School through exciting and exacting days. Times were changing; attitudes of students, teachers, parents, and Old Boys were changing too. B.C.S. had to keep up with the times. An extensive building and renovations program culminated in the official opening of the new co-educational B.C.S. on Thanksgiving Weekend, October 1972. Throughout those hectic

months, Hugh's thoughts were never long away from his School and, in the years that followed, as B.C.S. rose to become one of the foremost co-educational residential schools in Canada, Hugh's efforts on his School's behalf never waned.

Throughout my tenure as Head of B.C.S., I called upon Hugh constantly. Never was he unavailable; never did his careful incisive analysis fail to solve the problem. His personal loyalty and support were unquestioningly present always, a reflection of his concern, not only for the individual, but for the great institution which he has done so much to sustain, nurture and develop for 46 years.

His presence on the Board of Directors is greatly missed and we watch with interest and great pride as Hugh continues to provide leadership in education, as the Chairman of the Board of Governors, McGill University.

# WHAT MAKES B.C.S. HAPPEN?

I am often asked about the role of each of the three organizations which, from a structural and constitutional point of view, make up the B.C.S. family.

The Bishop's College School Association is the umbrella under which the other two operate. The Executive Committee within the Board of Directors meets monthly, with the Headmaster and the Director of Finance as ex officio members. The full Board of Directors meets quarterly. The Association's responsibility is to oversee the operation of the School and to ensure its successful continuation.

The B.C.S. Foundation, incorporated in 1967, owns the land and buildings which comprise the School. It is the custodian of the invested assets in the Endowment Fund, maintained to provide scholarships for deserving students, and in the General Fund, maintained to provide for other needs of the School. The Foundation is also the ultimate recipient of any money which is donated to the School or to the Alumni Association. Its Board of Directors meets annually, and its Investment Committee meets on a regular basis to oversee the management of the assets.

The B.C.S. Old Boys' Association was incorporated in 1933 and the King's Hall Old Girls' Association, in 1902. In 1974 the two merged to form The B.C.S. Alumni Association. Its Directors, who meet monthly, are interested and active Old Boys and Old Girls who organize and implement a wide variety of social and fund-raising activities. It is the instrument by which the School maintains contact with people who are interested in the well-being of B.C.S.

In addition, there are two groups of individuals who, in the past, have given exceptional service to the School, and to whom, at times of special need, B.C.S. can turn for their advice. These groups are the Advisory Board (B.C.S. Association) and the Trustees (B.C.S. Foundation).

B.C.S. owes a great deal to the Directors of each of these organizations. They give countless hours of their time and invaluable expertise to ensure that the past flows into the present, and the present into the future in such a way that B.C.S. grows and thrives in a continually changing world.

W. B. M.

## FROM THE EDITOR...

Thanks to all of you who have kept us "in touch." A computer printout of your activities stretched from one end to the other of the Development Office!

**THE DEVELOPMENT OFFICE IS COMPUTERIZED!** We can sort by name, class and location, and are able to send lists of alumni on request. However, many of our Old Boys and Old Girls are missing. Should you know of anyone who does not receive a Bulletin or who has lost touch with the School, please send us their address on the "Let's Keep in Touch" card.

**CAN YOU HELP?** We'd like to borrow old K.H.C. and B.C.S. uniforms for the Community Open House on May 10th. Call the Development Office, 819-566-0227, and we'll arrange to pick them up.

B.C.S. has a number of students from afar, and several of our students attend schools in the U.K. on an exchange basis. These boys and girls would like to see as much of the country they are visiting as they possibly can. B.C.S. is asking its alumni to indicate a willingness to look after a foreign student for a short period of time, when conve-

Anne Heenan, daughter of Rae (MacCulloch) Heenan, K.H.C. '55, shown wearing School kilt.

**DID YOU KNOW...** that girls at B.C.S. are now wearing kilts? 1986 marks the 50th anniversary of the School's association with the Black Watch Regiment, and Black Watch kilts now swing daily along the halls of B.C.S. during the colder months. The girls love them and they look wonderful!

nient. A check in the provided box on the "Let's Keep in Touch" card would enable you to have an opportunity to know a visitor from another land and for you to know what is going on at B.C.S. NOW. Please respond; you'll be glad you did!

As editor, I thank those of you who wrote such encouraging and thoughtful letters concerning my first BCS Bulletin. Keep your comments and suggestions coming. I'll do my best to see that you receive the kind of newsletter you want to read from cover to cover.

# ALUMNI ACTIVITIES

Alumni Board Members, left to right: Doug Mitchell, Sally Drummond, Kim Drummond, Sarah Ivory, Stuart Mactavish, Patsy Thompson, John Fuller, Doug Reynolds, John Hallward, Margot Kyle, John Bryson, David Jones. Missing: Geoff Scott, Andrew Johnson.

## ALUMNI ASSOCIATION LOOKS AHEAD

Your Alumni Association is a keen and enthusiastic group, anxious to keep the School spirit alive amongst all Alumni, both K.H.C. and B.C.S. New measures have been taken. To better understand School needs and how we can play a role in meeting those needs, we have invited a staff member to attend each of our meetings. Much better rapport is the result.

To get a better grip on all our responsibilities, we've created committees to address important issues. The great success of the Gala Auction pointed out the need for a Finance Committee to deal with the vital topics of "why are we raising money?" and "how do we spend it?" Two policy statements came from David Jones and his committee: one recommended how to apportion Gala Auction money; the second provided a basis for dealing with annual donations which had not been allocated by the donor. Both policies have been approved by the Executive Committee.

The Auction money was allocated with two goals in mind:

- to respond to specific B.C.S. needs and

- to heighten awareness of the Alumni activities at the School.

We donated \$40,000 to the Scholarship Fund. We purchased such items as chairs for the theatre, cassocks and surplices for the choir, a trophy case for Centre Hall, computer and athletic equipment. We donated \$5,000 to the Library. In addition we have invested \$45,000 which will provide seed money for our forthcoming Capital Campaign.

Doug Mitchell and his Legal Committee have researched the Association's charter to discover our original "raison d'être" and legal link with the two other official bodies in the B.C.S. corporate family. As a result, there will be an interlocking structure which will foster better communication and co-ordination of our combined efforts.

John Hallward's Reunions Committee has begun its work. Lists of alumni by geographic location have been provided by the Development Office, and the Committee is poised to begin contacting people in major centres to arrange activities. As John says, "Our goal is to seek out innovative ways to gather B.C.S. peo-

ple together." If you get a call, please be receptive.

The Association is anxious to improve communication among Alumni. A current project is to complete our "Decade Rep" and "Class Rep" roster. We're striving for more involvement. It's your Alumni Association too, all you K.H.C. Old Girls. We recognize the concerns of Compton girls, but can't help you unless you tell us what you'd like to see. Compton lives on through the girls of B.C.S. and they need your support. Please stand behind the School. Gilly and Mademoiselle do. They'll be there, at Thanksgiving, to celebrate our School's 150th anniversary. Come and help them celebrate what is a long and distinguished history.

The Board is always happy to hear from all Alumni with ideas and comments. We look forward to seeing you at Thanksgiving.

## FROM THE REUNIONS COMMITTEE

Our Alumni Association Board is working with renewed fervour for our School on Moulton Hill. To help the Board better manage all it wants to do for the School, we now have a Reunions Committee... one that doesn't talk about money, but tries to spend it! Your money, of course, but let me explain...

We all know there is a time for fun, reminiscing, old stories, old pictures, and new rumours! The Reunions Committee of Sarah Ivory, Kim Drummond and John Hallward has been set up to organize the good times — to raise fun and activity!

All reunions will be organized on a zero-based budget, meaning that participants will pay their own way for whatever is involved. We will make arrangements for the annual reunion in Montreal to be held this year on May 29, and with the assistance of Crick Glass, Graham and Annabel Hallward, Tim Moseley, Jan Gerhardt, Mary Usher-Jones and Sally Windsor, will help with another annual get-together in Toronto. While we are not prepared to organize reunions across the continent, we will provide assistance as needed, when needed, in order to get the show on the road. Please feel free to call one of us or the Development Office at the School. Send us your ideas for future events. Ask for help and let's plan ahead...

John Hallward

**KEEP THIS DATE OPEN — May 29, 1986 — B.C.S. MONTREAL REUNION. WATCH YOUR MAIL FOR DETAILS...**

Chris Bovaird, B.C.S. '73 and Robert Morris, B.C.S. '68, are helping to sponsor a select B.C.S. rugby team to play in the Halifax Sevens in May and the team takes great pleasure in appointing them Honorary Captains for 1986.

## L.A. REUNION CHEZ WINSER — A GREAT SUCCESS!

Thursday morning, March 20, B.C.S.: the ice is jammed in the St. Francis River, the playing fields are buried in three feet of snow, and the wind chill factor in Montreal is -15 degrees Fahrenheit.

Friday evening, March 21, the Canadian Consul General's house in Los Angeles: the grass is green, the flowers are in full bloom and Frank Winsor B.C.S. '37 and Joan (Price) Winsor K.H.C. '43, have opened their hearts and their home to B.C.S./K.H.C. Old Boys and Old Girls. And what an evening it was! As David said, in amazement, "People just stayed; it was marvellous, just marvellous!"

One of the most memorable things about the evening was the tremendous enthusiasm for, and interest in, B.C.S. Reminiscences, spanning the decades from the 30's to the 80's, questions about the School, interest in the soon-to-be-celebrated 150th, all made the evening an experience to be treasured. Peter Fertig now owns the Headmaster's Friends of B.C.S. tie; Hector Blejer has loaned the School his old B.C.S. photograph book; Cathy Cook no doubt feels duly shriven after a full confession of her doings

at K.H.C. And do look for Kathy MacKay's book on child rearing, soon to be published, and with a special acknowledgement to Gilly. Kate Cruickshank, in full B.C.S. Formal, was official photographer for the evening.

Many, many thanks to the Winsers, and to all of you who made the California Reunion the great success it was. Among those gathered were: Cindy Morton K.H.C. '67, Jim Morton, Bill and Audrey (Esler) Savage K.H.C. '39, Kathy MacKay K.H.C. '66, Bill and Josey (Franklin) Dodd K.H.C. '39, Virginia and Peter Fertig B.C.S. '63, Paul Huband B.C.S. '85, Louisa Huband, Mimi (Hartman) Powell K.H.C. '45, Mrs. Zoraida Blejer, Hector Blejer B.C.S. '51, Cathy Cook K.H.C. '66, Willa (Price) Mundell '51, Eva (Skutezky) Keagy K.H.C. '45, Cathy Wooten, Shirley (Ersline) Westcott K.H.C. '45, Tracy and Dermot Stoker with baby Cayley, Kathy and Dick Collier B.C.S. '39, Fred Holley B.C.S. '42, Robert Morris B.C.S. ## OLD BOYS RETURN FOR MESS DINNER

Mess Dinner Head Table: Tim Matthews, Hartland Molson, Tommy MacDougall, David Cruickshank, Guy Carington Smith, Andrew MacLachlan (Cadet Major), David Turner, Jim Tremain.

Despite sleet and ice on the highways, B.C.S. had a full Head Table for the Annual Cadet Corps Mess Dinner. Guest of Honour, Guy Carington Smith '25, was joined by three other B.C.S. Old Boys and former R.M.C. cadets, Hartland Molson '25, "Tommy" MacDougall '25, and Jim Tremain '49.

The occasion provided plenty of opportunity to mix with cadets at a reception in the library of School House, where locker rooms (and

"the bogs"!) existed in the forties. Again, after dinner guests mingled with cadets. Some even visited the dance... more differences in the "olde school"!

Guy, as part of his after dinner speech, presented the School with a copy of his book, "As You Were." The two volume book combines anecdotes and customs of the first one hundred years of the R.M.C. Club. Interest in attending R.M.C. was stimulated on the occasion, and

on March 15th, Jim Tremain's daughter, Daryl, who is currently Cadet Wing Commander, showed two B.C.S. cadet candidates around R.M.C.

Remarkable to me, in the School for the first time in many years and with enough time to form an opinion, is the most appropriate balance of students' needs and staff expertise. B.C.S. — well done!

Jim Tremain

## SCHOOL HOCKEY TEAM BEATS OLD BOYS' BY CONVERTED TOUCHDOWN!

Old Boy's Hockey: Back Row: Fritz Maugile '85, Dumas Maugile '84, Kurt Johnson '84, Greg Boyd '81, J.P. Wright '85, Alain Gregoire '84, Mark Bandrauk '85, Ian Goodwin '79, Tim Bradley '67. Front Row: Chris Cowans '81, Mike Laframboise '80, John Dooling '85, Derek Edwards '85, Doug Mitchell '79.

An unprecedented number of alumni showed up to play in the Old Boys' hockey game this year. As far as results go, though, the abundance of players made little difference. The score was 4-4 at the end of the first period, but the strong School team went on to beat the Old Boys' squad by what we've chosen to call a converted touchdown (14-7)! The School team was indeed strong this year, playing with a lot of heart throughout the season, being edged out by Stanstead in overtime action in the semi-finals.

Despite the overwhelming score, the Old Boys remained enthusiastic and managed to save some energy for the beer-up after the game. Some even maintained a sense of humour, commenting on how the score "felt just like old times!!" Let's face it, guys, we'll never forget anything we learned at B.C.S.! Our thanks go out to all who came out and supported the Old Boys.

# MONTREAL CHRISTMAS BASH

Over 175 alumni, senior students and teachers turned out for the Alumni Association's Annual Christmas Bash at D.J.'s Pub in Montreal, on December 18. Despite weather problems, the Bash proved once again to be a tremendous success.

Patsy Thomson and the Alumni Association provided lots of beef at

the door to collect a modest cover charge and to push raffle tickets. Limited edition "Alumni Hockey" sweaters, the catch of the evening, were won by Greg Boyd, '81, and David Jones, '70. Guest-of-honour, Kevin McGowan, '71, of CFCF Radio, also raffled off a bottle of champagne, a Sony Walkman and B.C.S. painters' hats. All in all over \$1,000 was raised during the evening

and a full set of alumni hockey uniforms has been purchased.

Many thanks to the staff of D.J.'s for all of their help, and to Michael Rossy Ltd. for contributing fine prizes for a very worthy cause. A good time was had by all (till 3 a.m.!) and the Bash organizers are already looking forward to next year!

## 6-TEAM ALUMNI HOCKEY WEEKEND AT B.C.S.

During the February long weekend, the B.C.S. Alumni Hockey Team acted as host to alumni hockey teams from LCC, Loyola, Selwyn House, Stanstead and Westmount High. The round-robin format provided participants with lots of ice time, as the tournament ran all day Saturday and Sunday, with LCC winning the championship in a close 3-2 victory over Westmount. B.C.S. finished with a respectable 2-2-1 record, posting wins over Loyola and Selwyn House, while losing to LCC and Stanstead. The tie against Westmount was especially rewarding, considering B.C.S. was down by two with 31 seconds left... Gord Price '77 emerged as leading scorer for B.C.S. with other fine performances being turned in by Tony Ross '75, Jacques Ouimet '74 and "rookie" Gord Glas '60... Thanks to team "owner," Tim Price '75, for his coaching!

Buffet lunches were served both Saturday and Sunday and everyone enjoyed a tremendous banquet on Saturday night in Ross Hall, complete with guests of honour, Graham Patriquin and Sam Abbott, lots of cold beer and "Greatest Hockey Fights" video entertainment! Our thanks to Brad Mitchell, David Cruickshank and Cliff Goodwin for all their help in putting the tournament together.

In celebration of the upcoming 150th Anniversary, an expanded 12 to 16 team tournament is planned, with alumni teams from Quebec, Ontario and New England schools and two teams from B.C.S. Tentative dates are February 13-15. Any First Teamers who are interested in playing should contact Stuart Mactavish, 4783 Sherbrooke St. W., #1, Westmount, Que., H3Z 1G5.

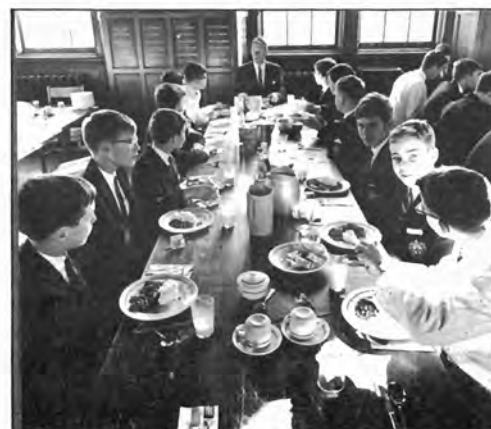

Here's looking to next year!

# IN AND AROUND B.C.S.

## The B.C.S. Players' Club presentation of **SON OF MAN**

by Dennis Potter

B.C.S. has a long tradition of excellence in its stage presentations, dating back before I went to the school in 1944. In my years, it was Lewis Evans who cajoled performances out of all of us — even boys made up as girls — and now his son Lewis brings the same enthusiasms and insights to the Players' Club, together with an astonishing ability to design — and build! — inventive, stageworthy and innovative sets for the (very) small theatre, tucked in its entirety into the old stage at the gym.

In this case, his stage was a steeply-raked platform, like a split-level star of Bethlehem, which in its rough wooden texture curiously evoked both the desert of the Jordan valley, and later the streets of Jerusalem.

*Son of Man* started as a television play in England in the sixties, and I doubt if any production has suited more the intimacy, pace, and rough honesty this play demands. From the moment the lights dim, there is a rapid flow of scenes, moving with precision and astounding pace — even on the first night, which rarely produces such well-drilled production values.

Fortunately, this is one story the critic does not have to tell! And so it is possible to expound on the imaginative and often startling groupings, the suddenly meaningful tableaux (like Jesus and Judas, caught at the centre of a swirling crowd), contrasting with impressive moments of stillness, or the intimate scenes of Jesus and his disciples erupting into the noisy violence of crowds, soldiers, priests.

The Sermon on the Mount — now I ask you, what a tough scene to throw at any actor, let alone students, and to my mind one of the most powerful in the presentation. Mr. Evans had his young star play it not only to the others on stage, but to the audience, moving among us, grabbing us, telling it "the way it is." Very real, very moving.

And what a totally astonishing moment when the very stage itself seemed to break apart, turn into a hilltop, and the central cross reared up out of the very wood of the platform, with the Christ upon it, sudden, shocking, harrowing. The intimacy of the tiny theatre (like that of television) took us right to the foot of the cross, with all the strong emotions that implies. And how lucky

*ED.'S NOTE: Paul Almond, president of Quest Films, is a pioneer Canadian film maker. He is best known for the trilogy he wrote, directed and produced: Isabel, Act of the Heart, and Journey, starring Geneviève Bujold.*

that the school is now co-ed, so that Pontius Pilate could learn of the breadth of the Nazarene's following from a slave girl while she gives him a massage!

There is always a temptation with religious material to "milk it", but this the young cast avoided, choosing to drive the story ahead relentlessly. The leads: Keith Lascelles as Jesus, Fern Grenier as Caiaphas, Tony Torriani as Pilate, were all excellent, but special mention must be made of the small parts. In a theatre so small, every gesture tells — and each actor without exception was completely in character, at all times. This I find not only a remarkable tribute to the Director, but also to the B.C.S. training in concentration and imagination — the two fundamental tools of the actor.

This was a very special production of a very moving play, and served to remind us all again how valuable Theatre is, enriching our lives in so many ways in this desolate epoch of Television. And thus how important it is for we alumni to support plans for an expanded theatre department and plant at the School.

## A LOOK AT THE B.C.S. ACADEMIC PROGRAMME

Recent years have brought significant changes to Quebec's education system; the Government has adopted a "back-to-basics" approach — nothing new to our way here at B.C.S.

130 credits are now required for graduation. (40 from mandatory courses — French, English, Math and History) An average B.C.S. student will earn 170-180 credits over a five year period. The passing grade is 60 percent.

At B.C.S. students must take

English, French and Math from Second Form to Sixth Form and English in Seventh Form, sciences in Forms II-IV (though most students continue in the sciences to meet university and college requirements) and courses in the History and Geography of Quebec and Canada.

We offer a host of options at all levels: Latin, Music, Computer Studies, Home Economics, Art, and Phys. Ed. Senior forms can choose from Economics, Drama, History, Geography, Sociology, Political

Science, Art, Music, Issues and Law.

Gone are the days when students took twelve subjects and raced to nine classes a day! Now six classes, each fifty minutes long, form the academic day. We have two terms, September to December and January to June. Every student writes final exams in December and June, and the relief when they're over is just as great as you will remember!

Michael Fox (Academic Dean)

## HOW DOES A BLAZER BECOME A TOASTER?

What happens when a few mothers get together and wonder what to do with out-grown uniform items? The B.C.S. Auxiliary is born! The purpose of the group, mainly local mothers, is to lend support to School functions when needed, such as the Cadet Inspection sherry party at Plantation, the Gala Auction, Community Service, etc. etc.

But what of the out-grown uniforms? Well, B.C.S. now has a Nearly New Shop, staffed by Auxiliary members. From its very humble beginnings in a tiny room off a girls' washroom ("Mom, do I HAVE to go in THERE?"), to its present location on the second floor, the shop has mushroomed and renders a vital service to many people. The items, donated or left on consignment, are sold at very reasonable prices and a 20% commission is retained. The shop is popular — opening day, two weeks before School starts in the fall, is somewhat like Boxing Day at Eaton's!

Last year's profit was \$2,000. In response to "wish lists" from each house parent, the auxiliary selected items which benefit the students — new sound equipment and a custom-built cupboard to house it for the students' activities committee, encyclopedias, dictionaries, toaster ovens, irons, a sewing machine, and a fridge for the houses, and an abdominal bench to complement the universal gym. Just recently the Auxiliary agreed to support the new student enrichment program.

The next Auxiliary project is an historical Open House at B.C.S. on May 10. As an opener to the 150th Anniversary celebrations, local mothers, fathers and some young alumni will act as hosts to Lennoxville and the surrounding communities. What an asset to the B.C.S. community these parents are!

## LE DÉPARTEMENT DE FRANÇAIS PUBLIE LE BLA BLA

Cinq fois par année les étudiants du département de Français, sous la direction de Carol Macknish, écrivent et publient un journal. L'édition du mois de mars était composée de 20 pages d'articles écrits par les étudiants, d'illustrations et de photographies représentants différentes activités de l'École. C'est avec grand plaisir que l'équipe du journal a utilisé le programme "MacPublisher" et produit cette édition à l'aide de leur nouvel ordinateur "Macintosh," don généreux de Mme Pam Dunn fait au département de Français en janvier dernier.

### KUDOS

*Inscape*, B.C.S.'s literary magazine, is one of only four Canadian publications to be ranked in a North American competition to recognize Excellence in Student Literary Magazines. Congratulations to student editors, Sophia Vayda and Angela Bunge and to faculty advisor, Betsy Coleman. *Inscape* 1985 has been ranked ABOVE AVERAGE.

Natasha Stairs won third prize for the Quebec Association of Independent Schools' Essay Contest, Senior Division. She is in sixth form at B.C.S.

WHOOOPS! Alexandra Webster, mistakenly referred to as Alexander in the Kudos column of the November Bulletin, is very much all girl!

The banner, which was carried by the B.C.S. Band during the Grey Cup Parade in Montreal, was made by the ladies in the Linen Room, under the direction of Mrs. Lou Brady.

# STUDENT EXCHANGE

Exchange students enjoying winter: Ken MacLeod (Loretto, Scotland), Jonathan Paul (Blundell's England), Jason Downey (to Marvelwood, Ct., Trinity Term), Jennifer Neve (to Marvelwood, Trinity Term), Jonathan Keyte (King's Taunton, England), Joanna Hall (St. Dunstan's, England). Missing: Simon Hodgson (Loretto, Scotland), Roy MacLaren (at Loretto for Michaelmas Term).

Loretto School, just outside of Edinburgh, is extremely different from B.C.S. It is very, very spartan. Students live in dormitories of four to eighteen boys. It is a school rule that dormitory windows are kept open all year round. We Canadians laugh at British winters, but they can get very cold when there is no heating! Very little time is spent in the dorms!

I went to Loretto for the fall term. There is no choice of crease; every boy in the School plays rugby. There are outdoor activities like skeet shooting and hiking which were really fun. The prefects run the School; the teachers teach. There is little social exchange between forms. The food is horrible. The teachers were good to me, took me home and for drives in the countryside. Though I didn't like Loretto, I loved being in Scotland and I'm really glad I went. I found, coming back, that I was much more appreciative of Canada and I would strongly recommend such exchanges to everyone.

Roy MacLaren

Since I arrived at B.C.S. I have had the honour of being part of two of its famous institutions.

I had always wanted to play football, so on the first day of term, I ended up pounding the turf in my strange claustrophobic equipment. For the first two weeks it was hell, but then came the scrimmage against Hebron. I managed to sack the quarterback once; after that I never looked back!

I was walking along the corridor one day when Mr. Evans stopped me and said, "The auditions are on the third floor." Taking the subtle hint, I auditioned and managed to get a part in *Son of Man*. I think the standard of the play showed the enormous amount of effort and enthusiasm put in by all concerned.

These two events exemplified for me the qualities I shall remember about B.C.S. The positive attitude, enthusiasm and genuine enjoyment one sees at the School is unequalled in my limited experience. Long may it continue!

Jonathan Keyte

## B.C.S. GOES TO CHINA

During March break 18 students, accompanied by staff members, Michael Fox and David Turner, had an extraordinary opportunity to visit The Peoples' Republic of China with brief stopovers in Hong Kong and Tokyo, Japan. This cultural tour of Beijing, Xian, Shanghai, and Guangzhou also included visits to a school and a commune, besides a trip to the Beijing Zoo to see the pandas and a Peking duck dinner.

## THE HEAD PREFECT LOOKS BACK

Seventh Form year at B.C.S. will be full of fond memories. I never imagined being chosen Head Prefect but the experience has been invaluable. The special rapport established amongst my fellow prefects, the teaching staff and the Headmaster will always be treasured.

We at Bishop's are very fortunate to live in a community that values the search for knowledge and personal growth. In September, when addressing the School in Chapel, I stated that my goal for the year was to achieve involvement from each member of our community. My promise was to do my best and in return nothing less would be accepted. We may not have fulfilled our highest expectations, but we have achieved success — through persistence!

I have come to appreciate that responsibility implies a commitment to serve others. It is through leadership by example that I succeed in facing the challenge of motivating myself and others. In return, thanks to everyone's loyalty, hard work and enthusiasm for the School, we enjoy the benefits of a closely-knit community.

I thank Mr. Cruickshank for his confidence in my abilities, and I sincerely hope that I have managed to reward his faith in me.

# THE OKANELA CONFERENCE JAN. 24-27, 1986

Perry Beaton

Perry Beaton

WINTER IN THE NORTH-LAND was the theme around which this year's Okanela Conference was organized. Students, staff, and headmasters from California, Arizona, Texas, Montana, Connecticut, Germany, Scotland, and England joined Canadians for a winter weekend in Quebec, at B.C.S. involving both business and education.

The business conducted during the conference confirmed our objectives as an active association involved in Student and Staff Exchanges and in International Service. Three projects were announced for this summer — in Mexico, Montana, and Schefferville. As well, Okanela schools have been invited to offer candidates for the project in the

Simla Hills, India, for Christmas 1986. David Cruickshank has been chosen Chairman of the 1987 Okanela Conference to be held at Marvelwood School, in Connecticut.

Business aside, The New England Sled Dog Association brought fourteen huskies and two sleds to provide a genuine sample of the exhilaration of old-style winter travel in the north. Draught horses with jingling harness hauled a haywagon round the snowy circuit of the school grounds, while snowmobiles roared across the field below School House, providing delegates with a modern version of winter transport. In the quadrangle, the Headmaster and the Foreman ran a chain-saw safety clinic. That evening the student delegates slept outside in the arctic

tents set up in the B.C.S. woods by "sherpas" from the Ramblers, an elective cadet group.

On Sunday evening delegates said goodbye with a banquet and Scottish Country Dancing, amid the flooding of the St. Francis River and the evacuation of Bishop's University. Perhaps their most enduring memory will be the Hahn Memorial Lecture to the assembled School on Sunday morning in St. Martin's Chapel. John Bayly, a barrister and solicitor, practising throughout the Arctic, and resident in Yellowknife, spoke of our kinship with the circumpolar nations in the celebration of winter — a trenchant insight into our Canadian identity — an eloquent gift to B.C.S. students and visitors alike.

## NEWS OF FORMER STAFF

**Graham Patriquin**, B.C.S. '29-'72, is still writing biographical sketches and community anecdotes of the Maritimes and enjoys seeing some of them in print.

**Gilly**, K.H.C. '30-'68, has now cycled 7,500 miles on her stationery bicycle. She never misses a day and seems to look younger and younger! **Mademoiselle Caiteux** K.H.C. '40-'72, is as vivacious as ever, and just as pretty. The editor had tea with them recently and lots of Old Girls' ears must have been burning! They still speak just as enthusiastically and warmly about "their girls" and provide a listener with much hilarity!

**Terry Guest**, B.C.S. '62-'70, has recently been appointed Head-

master of Sedbergh.

**Ron Owen**, B.C.S. '49-'83, is planning to go to Scotland in August for the wedding of **Paul Bedard**, B.C.S. duty master in the seventies. Paul, an account administrator with Royal Trust, is marrying Jane White on August 16, in Ayr.

**Miss Ella Morissette**, B.C.S. '35-'66, was delighted to hear from a number of "her" Old Boys from coast to coast. She has celebrated her 90th birthday and is a resident of the Connaught Home, in North Hatley.

**Col. Geoff Brine**, B.C.S. '52-'62, wrote a long newsy letter from New Milton, Hants, U.K. After he retired from Selwyn House in 1969, he and his wife lived in Waterbury, Vt. for

three years before returning to England, where "believe it or not, we prefer the Canadian winters to the English ones!" He reports that, at 87, he and his wife are "still going strong" and "hear regularly from Patriquin, Evans, and Moffat."

**Sam Abbott**, B.C.S. '52-'75, has donated six albs for the servers in St. Martin's Chapel. He traveled to Quebec City for the Winter Carnival, to Atlanta to visit family, and spent nine days in New Orleans.

**Father Malcolm and Ursula Evans**, B.C.S. '81-'85, returned to School to see the B.C.S. Players' Club play, *Son of Man*, in which their son, Ken, had a part. They both are busy and happy in their new careers.

## THIS IS RETIREMENT ???!

Ron Owen went to visit Art Campbell, B.C.S. '50-'83, and reported that Art is "never there"! He volunteers in a hospital once a week, teaches Sunday School and is involved in other youth organizations, is a director of the Committee of Anglophone Social Action, sits on heritage and education committees, teaches at the school and helps with children having problems, tutors a man in English, teaches for the Laebach Literacy Programme, gives talks on wildlife to the Micmac Indians, and has completed a book which is to be published on Gaspesian idioms which has involved a lot of travel throughout the area. Besides this, he is the sole English-speaking member of the only bird club for the entire Gaspesian coast and made a nesting survey last spring for the Ornithology Lab at Cornell University, providing required data on the Tennessee Warbler. As if this were not enough, he gardens and enters his produce in local fairs, is the founder of Bonaventure County Geneological Society and corresponds regularly with a number of Old Boys, Old Girls and staff members. Some retirement!!!

## DEATHS

Gerald T. Miltimore, K.H.C. Secretary/Manager from 1968-1972, and until the School was sold, died on February 7, 1986 in Lethbridge, Alberta. The K.H.C. Board of Directors established a scholarship in the name of Mr. Miltimore in 1972. Although awarded annually to a local girl, the scholarship has never been funded, but steps are presently being taken to raise money, and any contributions to the fund would be gratefully received.

## NEWS OF THE CLASSES

### AMY (FOWLER) WILLIAMS AWARDED ORDER OF CANADA

On October 30, 1985, a King's Hall Old Girl was awarded The Order of Canada by Governor General Jeanne Sauvé in a ceremony held at Rideau Hall. Amy (Fowler) Williams, K.H.C. '45, received the award in recognition of her volunteer work with The National Council of Women of Canada and The Canadian Federation of University Women. Though Amy modestly says her award recognizes the wonderful work of all volunteers, she has been involved with these two organizations in different capacities over many years, and was selected National President of the Council of Women from 1979-82. Her work has been primarily in the area of pensions and taxation for women and families. Congratulations, Amy!

### 1910-1939

B.C.S. '03 Philip Cummins celebrated his 101st birthday last fall at the Wales Home in Richmond, Quebec. He is believed to be the oldest living Old Boy of B.C.S.

B.C.S. '14 Ernest S. Antle received a wonderful Christmas present from his daughter, Stephanie Conroy. She asked the Development Office for some BCS memorabilia which she acknowledged by writing, "I know he is going to get so much enjoyment out of this lovely big package of literature. The dear old days mean so much to him now." Part of the material included photocopies from the 1910 edition of the year book, and Mr. Antle's page in the School Register.

K.H.C. '15 Kay (Cronyn) Harley is still living in London, Ontario, and had a family gathering in Toronto last year in honour of Katie (Cochrane) Grass, K.H.C. '42. Other guests were John Cronyn, son of Dorothy (Bruce) Cronyn, K.H.C. '17, Margo Graydon and her daughter, Bambi Reeves, K.H.C. '57, who flew in from California, and Barbara (Cronyn) Jackson, K.H.C. '39.

B.C.S. '21 Jack Porteous returned to B.C.S. for a day this winter, had breakfast, attended Chapel, met with the Headmaster, the Director of Finance, and the Director of Operations, and spent a long time looking over material in the Archives with Jim Winder.

B.C.S. '25 Dr. Donald G. Mackay writes "no particular news. Job — President of the Elizabeth T. Greenshields Foundation; babies — all grown up; degs — both intact; marriages — still holding; honours — few and unremarkable."

Jack Porteous visits B.C.S.

K.H.C. '29 Jessie (Cassils) Cleveland's husband, Toby, died on March 5, 1986 at the Montreal General Hospital in his 86th year.

K.H.C. '33 Margaret Newton has retired from External Affairs and moved to Reichelsheim-Gumpen, West Germany, where she breeds American cocker spaniels. Last year in Budapest a bitch of her breeding won Best in Hunting Group from over 500 entries.

### THE FORTIES

B.C.S. '40 Stanley Mills is now President of Stanmil Investments and founder of Stanhaven, a health and holistic healing center in Highwater, Quebec.

K.H.C. '41 Pam (Holt) Dunn has donated a Macintosh computer to the French Department. This gift has been received with great delight and has been put to constant use.

K.H.C. '42 Frannie (MacCharles) Jukes and Eileen Birks, who hadn't seen each other in 40 years, travelled together throughout Arizona and wrote to Gilly that they were having a marvellous time.

B.C.S. '43 Michael Horniman has retired after 35 years as author's agent in London and is living in Bridport, Dorset, England. He has been married for 30 years and has three daughters.

K.H.C. '46 Rosalie-Ann (Ballantyne) Patterson has moved from England and is now living in New Jersey.

K.H.C. '47 Linda (Palmer) Souter is currently National President of The Canadian Federation of University Women.

K.H.C. '48 Joan (Williams) Ballantyne and her husband, Tim, B.C.S. '48, have completed a whirlwind tour of the Canadian Arctic. They claim that all Canadians do not live in Igloos!

B.C.S. '49 Jim Tremain writes, "Great pleasure of recent return to B.C.S. for annual mess dinner. Meeting staff and students impressive and brought out how BCS is responding to a variety of needs of students and doing it well."

B.C.S. '49 **Peter Winkworth** accompanied Prime Minister Brian Mulroney on his tour of the Canadian Student Centre in Paris, France, in February. Peter is a grandson of the late Senator Marcellin Wilson of Montreal, who, with his friends, built the student residence.

## THE FIFTIES

K.H.C. '50 **Naomi ("Nims" Smith) Abbott** and her husband, **Tony**, B.C.S. '49, are presently living in England, where Tony is managing director of Debreit's Ancestry Research. They have maintained a pied-a-terre in Montreal. After apologizing for their numerous changes of address, Nims added, "We hope to keep them both unchanged a long, long time."

B.C.S. '51 **Dr. Michael Whitehead** appeared on CFCF Channel 12's "Telethon of Stars" in November, a 22 hour telecast to benefit research into children's diseases at the Montreal Children's Hospital and the St. Justine's Hospital. Michael spoke on behalf of the Children's Hospital.

B.C.S. '51 **Dr. Hector Blejer** writes "Decades have gone by since I was last at the School. One of my fondest wishes is to see it again soon, possibly next year when I hope to be in Montreal. I'll definitely let you know and the prospect of seeing Richard ("Set") would certainly add enormously to such a visit."

B.C.S. '51 **Ron Riley** has joined Calvin Bullock, Ltd. as President and Chief Executive Officer, after almost 25 years at Canadian Pacific Limited.

B.C.S. '54 **Dick Bennetts** and his family have realized "a long-time desire to live in London, England. We rented a house in John's Wood and the girls attend the American School only minutes away." He adds, "We'll be ready for the country, I expect, by 1987."

B.C.S. '54 **Eric Molson** was a head table guest at the Annual Beaver Club Dinner in January. This year's party saluted Montreal 1985 and the 200th anniversary of the Molson Companies — Eric is deputy chairman.

B.C.S. '54 **Doug Bassett** was presented with a McGill University management achievement award in February. The award honours Canadian business leaders. Doug is president and CEO of Baton Broadcasting.

K.H.C. '54 **Heather (MacKenzie) Faith** thought she'd avoid celebrating a birthday by flying to New York for the weekend. However, her husband, Bob, had secretly arranged for several couples to "surprise" the birthday gal in The Big Apple. Among them were **Fiona (Bogert) McKim**, K.H.C. '53, and her husband, Kimmie.

B.C.S. '55 **Bill Sharp** joined Levesque, Beaubien Inc. last May to help create and operate a discretionary investment management service for individuals "for which prospects appear most encouraging." Bill,

former president of the B.C.S. Old Boys' Association, has found a "new venture for the old man" — competitive paddling at the Oakville Racing Canoe Club. Last summer he participated in the Masters Games in both C-4 and War Canoe and is looking forward to the next Masters Games in Copenhagen in '89.

B.C.S. '55 **Ian Henderson** writes from Bellefonte, Pennsylvania, that he is looking forward to visiting B.C.S. at Thanksgiving, 1986. He adds, "It has been too long since my last visit."

B.C.S. '56 **Stephen Molson** is secretary of The Molson Family Foundation. He visited **Art Campbell** while salmon fishing in the Gaspé last summer.

B.C.S. '56 **Donald Patriquin** is well-known as a composer of a variety of music for the theatre and folk music. On December 2, The Patriquin Family and Friends presented a Christmas concert to the community of Cowansville during a severe storm in which the power went off. The concert of carols took place by candlelight, enchanting everyone present.

B.C.S. '56 **Peter White** has recently become president and chief executive officer of Dominion Stores Ltd. He has left the Prime Minister's Office, where he was special appointments secretary to Brian Mulroney.

K.H.C. '57 **Dr. Susanne (Meagher) Hall** has recently become associated with Timothy Williamson, M.D. in the practice of Pediatrics, in Ojai, California. Her son, Kevin, was the 1985 North American Junior Sailing Champion and is currently studying and competing in France.

K.H.C. '57 **Ann (Iddon) Gorycki** is Business Manager at a private elementary school in New York City, The Town School. She has two children, Christopher, 23, and Jessica, 16.

K.H.C. '57 **Dr. Frances (Harley) Urtasun** graduated in medicine from Western in 1965, married Dr. Raul Urtasun and with him continued training in pediatrics and pediatric nephrology in Baltimore, Montreal, and Edmonton. "I have been the Acting Chairman of Pediatrics at the U. of Alberta Medical School for the last 18 months, which has a few similarities to being a prefect." She has three teenage girls. ## ARCHIVES UPDATE...

The first 150th Anniversary project is well underway. Jim Winder has spent the winter cataloguing over 400 items, dating between 1830 and 1920. The next phase, covering the 1920s to 1980s, involves a vast amount of material. Of special interest is the enthusiasm shown by many of our alumni as gifts of memorabilia pertaining to B.C.S. have been arriving at the School:

The late "Ridge" Short, B.C.S. '27: B.C.S. School List, 1887-90.

Dorothy Hewson, K.H.C./B.C.S. staff: K.H.C. Song Book — containing original words for "Forty Years On."

Mike Alexander, B.C.S. '58: 2 B.C.S. Sports shields.

Jessa Patriquin, B.C.S.: Catalogue of B.C.S. Magazine material — '22-'48 and Mr. Burt's Cookbook.

Lew Evans, B.C.S. '65: Letter (1868) — compliment on Cadet Corps, written to Sgt. Armitage Rhodes by Bishop's University Principal, Rev. Jasper Nichols.

Mike Skutesky, B.C.S. '66: Fenian Raid medal, 1866, presented to Armitage Rhodes, Bishop's College Rifle Company (early name for Cadet Corps.)

Marjorie (Francis) Teakle, K.H.C. '21: Scrapbook of K.H.C. photos — 1917-21 — "during her school days."

Betty (Morewood) Evans, B.C.S.: Scrapbook belonging to her father, Frank Morewood '99, including reports, newspaper clippings, original letter from Headmaster Petry, prize list (he came first) and two pages of 100 lines!

Betty Evans, B.C.S.: Family Tree of Col. William Rhodes, of Quebec, City, which includes over 40 B.C.S./K.H.C. alumni.

Please keep these family treasures coming. We promise to take good care of them.

# LET'S ALL

# CELEBRATE!

An anniversary has many aspects: one looks backward, one looks forward. It is a time to rekindle old memories and to set the stage for new experiences, a time to renew old acquaintances and, through them, make new ones.

We hope that all of this will happen during B.C.S.'s forthcoming sesquicentennial. Its motto is "150 Years of Looking Ahead", and the emphasis will be on participation: participation by alumni, by parents, by students, by staff — in short, by all members of the B.C.S. family.

The grand kick-off to the year will be a very special Thanksgiving. This weekend, always particularly significant for alumni, will be especially memorable in 1986, featuring athletics for all, a dance, a bar-b-

que, a special Chapel service and a collection of skits in the form of a cabaret which you won't soon forget.

This will set the spirit for a year-long series of events aimed not only at celebrating the School's past glories, but at fanning the flames of future achievements. The auction last October proved that the B.C.S. spirit is extraordinary. Those of us who attended will probably never forget the welling wave of enthusiasm that swept the evening. Set aside Thanksgiving 1986 and help us set another wave in motion, one nurtured in our mutual and unique B.C.S. experiences of the past, but one that will carry the School towards new heights in the future.

While the Alumni Committee is taking care of arrangements in Montreal and overseeing the whole 150th celebration project, staff and student committees are busy here at School. The students have designed a tie, are working on pins and T-shirts, and are preparing to act as guides for the Parents' Auxiliary Open House on May 10. This event will give us local publicity and we hope that press coverage may extend province-wide.

Staff members are involved in plans for landscaping, publicity, displays, both historical and cultural, decorating for the Thanksgiving dance, besides all the academic and athletic activities being organized for the year.

We're off and running! On behalf of the staff and students, we look forward to welcoming all the alumni down here at B.C.S. in our 150th year.
